

Product Datasheet

SRS-30

Pipe Clamp Cable Protection Tube 30mm

The SRS-30 is a mounting bracket designed for securely fastening cable protection tubes with a diameter of 30 mm to a wall, ceiling, or structural support. This bracket provides reliable support and a clean finish.

Technical specifications

Application: Mounting cable protection tubes to a flat surface or structural supports

For tube diameter: 30 mm

Compatible with: SR-30 and SRL-30 cable protection tubes

Wall thickness: 1.5 mm

Mounting: Fixing to ceiling or structural support using M8 bolts through screw holes

Weight: 0.05–0.06 kg/unit

Available variants

Hot-dip galvanized steel (FT)

For standard industrial applications

Material: Cold-rolled structural steel S235JRG

Finish: Hot-dip galvanized according to NEN-EN-ISO 1461 (min. 45 µm)

Stainless steel 304 (ER2)

For enhanced corrosion resistance

Material: Stainless steel 304 (ER2)

Finish: Pickled and passivated

Stainless steel 316L (ER4)

For highly corrosive environments

Material: Stainless steel 316L (1.4404)

Finish: Pickled and passivated

Toeassing

Article number	D mm	E mm	kg/unit
SRS-30-FT	30	1.5	0.06
SRS-30-ER2	30	1.5	0.05
SRS-30-ER4	30	1.5	0.05
